AVSLUTA PLACERING

Terminate placement, guardians

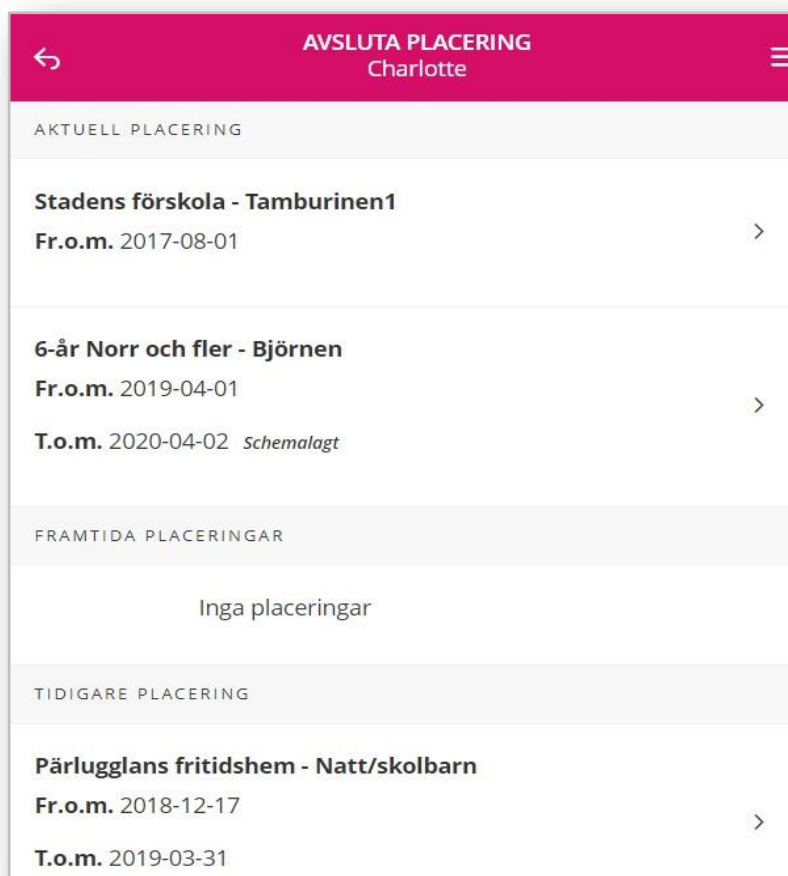

For guardians, the e-service **Tieto Education Avsluta placering** (Tieto Education Exit placement) is available as an option in the Tieto Edu App, under the Placement menu.

As a guardian, you reach the service by selecting children and then clicking on *Avsluta placering* (End placement).

Current, past and future placements

In this view you see the child's current placements and you also see past and future placements that the child has.

Current placements

To end a placement, click on the current placement. Then select the end date and possible reasons and when you are done, click the confirm button to end the placement.

The date of termination must be at least 1 month in advance from this day.
